

## AI Risk Assessment

**Integrating Artificial Intelligence to improve business processes is the new lever for business growth, but unknown risks and uncertainty lead to inaction among business leaders – the greatest risk of all.**

To help businesses leverage AI and integrate machine learning strategically, Munck Wilson Mandala is offering **AI Risk Assessment** services. We will analyze your AI initiative and provide an actionable report that:

1. Evaluates your project's viability from a legal, privacy, and risk management perspective;
2. Summarizes the regulatory compliance requirements and industry standards;
3. Itemizes key legal, ethical, and operational risks with an analysis of potential impacts;
4. Outlines mitigation strategies and areas of concern that require further in-depth analysis;
5. Proposes additional steps that may be necessary.
