Patent Litigation Pro

Jared represents clients in patent litigation matters and works with our award-winning intellectual property team to help achieve client successes.

Mechanical Engineering Background

Jared was previously a mechanical engineer in the automotive industry, bringing unique technical expertise to IP litigation matters.

Growth Mindset In New Markets

As MWM continues to thrive and grow, Jared plays an integral part in the firm's commitment to strategically expand in new markets.

Jared Hoggan is a partner practicing in the firm's technology/intellectual property law group. He has been recognized as a Texas Super Lawyer and Best Lawyer in America for his achievements in patent litigation. For nearly two decades, Jared has represented clients in patent cases and appeals in federal courts, as well as proceedings before the U.S. International Trade Commission. Jared has represented clients in patent cases involving a wide range of technologies including oil and gas, medical devices, pharmaceuticals, computer hardware and software, telecommunication devices, and networks.

Jared clerked for the Honorable Kimberly A. Moore of the United States Court of Appeals for the Federal Circuit, and currently serves as a Technical Advisor in complex technical cases in the Waco division of the Western District of Texas, in which he advises the Court on technical issues related to claim construction and dispositive motions. Prior to his legal career, Jared worked as an engineer for a Tier-1 automotive supplier and in the telecommunications industry.

While Jared's primary focus is on patent litigation, he routinely handles other complex intellectual property litigation and transactional matters. These include trademark infringement, copyright infringement, trade secret misappropriation, unfair

competition, and antitrust cases. He also advises clients in corporate transactions and in the negotiation of intellectual property licensing and other technology-related agreements.

Experience

- Represented a Standard Essential Patent (SEP) portfolio owner in licensing and litigation relating to LTE and non-essential patents as part of a trial team that secured a \$10 million jury verdict with willfulness finding against a large global mobile phone manufacturer
- Represented a patent owner in licensing and litigation relating to wireless technologies that secured a \$506 million jury verdict with willfulness finding against a large global mobile phone manufacturer
- Represented founders of an environmental remediation and disposal services company in the \$88 million sale of majority equity stake to a private equity fund
- Represented an oilfield services company in patent litigation relating to hydraulic fracturing equipment
- Represented an oilfield products company in patent, copyright and trademark litigation relating to gasket technology
- Represented a patentee in an appeal to the U.S. Court of Appeals for the Federal Circuit from litigation relating to wireless internet technologies
- Represented a cementing contractor in the Multi-District Litigation related to the Deepwater Horizon disaster
- Represented a global telecommunications company in a patent infringement dispute with a competitor regarding cable-based internet technologies
- Represented a global telecommunications company in a patent infringement dispute against a mobile handset maker in the International Trade Commission and U.S. District Court
- Represented a patent licensing consortium in patent litigation in multiple U.S. District Courts against various global mobile handset makers
- Represented a medical device manufacturer in patent infringement litigation regarding drug-eluding stent technology
