

## Airlines / Aviation

### At a Glance

#### Policy Proficient

Our attorneys stay abreast on the evolving and complex regulations around the aviation industry including Federal Aviation Administration and National Transportation Safety Board to ensure quality client results are met.

#### Multifaceted Legal Support

With result-driven experience working with some of the top names in the industry, Munck Wilson Mandala can service all needs for aviation clients ranging from insurance, regulatory, intellectual property, and more.

### Overview

**The Munck Wilson Mandala team works collaboratively with clients to effectively service all issues our airline and aviation clients face. Our proficient team finds strategic solutions to manage industry challenges ranging from insurance, regulatory, litigation, intellectual property, and more.**

We represent airline and aviation clients on a variety of legal needs and services. Our regulatory team stays on top of ever-changing regulatory policies to help airline and aviation clients more efficiently manage the challenges of the industry.

From manufacturers, operators, insurers, and more, we have experience representing a variety of airline and aviation clientele, including Southwest Airlines and DFW Airport. Attorneys are well-versed in litigation, insurance disputes, Federal Aviation Administration and National Transportation Safety Board matters, and intellectual property rights.

*Kudos to the team at [Munck Wilson Mandala LLP](#) for helping Southwest obtain a Permanent Injunction against an unauthorized travel website. The federal court's rulings affirmed our contract claim and, just as importantly, stopped the irreparable harm to Southwest's operation and customers caused by the unauthorized activity.*

*James Sheppard, Associate General Counsel – Information Governance & Legal Operations at Southwest Airlines*
