

Copyrights

- **Protection & Enforcement**

Munck Wilson Mandala copyright attorneys work with our trial lawyers to enforce our clients' copyrights and to defend our clients against infringement claims.

- **Full-Scale Experience**

We have worked with clients for more than three decades, helping them with copyright law in text and literary works; pictorial, photograph, graphic, and sculptural works; music, dramatic and choreographed works; and sound recordings.

Overview

Munck Wilson Mandala has a comprehensive copyright practice. We understand that your original works of authorship are among your most valuable assets. We regularly advise clients on the registration, licensing, sale, and protection of their creations. We also advise clients on the use of copyrighted work of others. With experience representing clients in matters across all industries, we work collaboratively with you to achieve goals and help you protect your assets.

Experience

Our copyright lawyers work with our trial lawyers to enforce our clients' copyrights and to defend our clients against infringement claims. We represent clients in federal court, as well as in proceedings before administrative agencies such as the Copyright Office or U.S. Customs agencies.

We work with clients to address issues raised by business and trade associations such as software developers (e.g., Business Software Alliance), the recording industries (e.g., Recording Industry Association of America), movie studios (e.g., Motion Picture Association of America) and the like.
